We've added a new Page Builder template on your site to do this. The template is called Content with Commenter Names.
https://dutchmobilityinnovations.com/admin/uibuilder/templates

To get a list of who is interested in which items:

1. Edit your Page Builder page

2. Add a Content List widget

3. Edit the widget

4. Set the content type filter to Photos

5. Select the space the album is in

6. Select the album in Parent content

1. Set Total items to a big number so every photo is displayed

2. Click the Template tab

3. Select Content with Commenter Names

4. Save the widget and page

5. The widget will look like this:
